The screenshot shows the TeamViewer application window on a Mac. The window title is "Licence gratuite (seulement pour l'utilisation privée)". The interface is divided into three main sections: "Ouvrir une session" (Open a session), "Autoriser contrôle à distance" (Allow remote control), and "Contrôler un ordinateur distant" (Control a remote computer). The "Autoriser contrôle à distance" section is active, showing a "Votre ID" field with the value "985 442 926" and a "Mot de passe" field with the value "xgt914". Below these fields are checkboxes for "Accès non surveillé" (Unmonitored access), including "Démarrer TeamViewer avec le Système" and "Accorder un accès facile". The "Contrôler un ordinateur distant" section shows an "ID du partenaire" field with the value "1 042 433 655" and radio buttons for "Contrôle à distance" (selected) and "Transfert de fichier". A "Connecter" button is visible at the bottom of this section. The TeamViewer logo is in the bottom left corner, and a status bar at the bottom indicates "Prêt à se connecter (connexion sécurisée)".

L'application TeamViewer a été lancée sur le Mac.

Le Mac affiche l'identification (votre ID) et le mot de passe qui est associé à la session.

The screenshot shows the TeamViewer application interface on an iPad. The background is blue with the TeamViewer logo and the text "Control your Computer the easy way". Below this, there is a prompt: "Veuillez entrer l'ID de votre partenaire pour prendre le contrôle à distance de son ordinateur." followed by a "TeamViewer" input field and a "Contrôler à distance >" button. At the bottom, there is a white bar with the text "Would you like to share your screen with any other device?" and a "Ouvrir QuickSupport" button. A bottom navigation bar is visible at the very bottom, containing icons for "Connecter", "Ordinateurs et contacts", "Discussion", "Fichiers", and "Pilot". A yellow cartoon character with a hand is pointing to the "Pilot" icon.

Sur la page d'accueil de connexion depuis l'iPad, on trouve des outils dans la barre située en bas :

- Connecter ;
- Ordinateur et contacts ;
- Discussions ;
- Fichiers ;
- Pilot.

6

L'iPad affiche le dossiers Mes Documents > photos.

Pour voir les détails touchez Photos.

7

On peut voir les différents albums contenus dans l'application Photos de cet iPad.

8

Choix des photos à transférer vers le Mac.

Pour amener des fichiers de l'ordinateur distant il faudra se connecter à cet ordinateur distant.

- Je touche **Afficher Fichiers distants** > j'entre l'ID de l'ordinateur partenaire et je touche **Connecter** puis je donne le mot de passe du partenaire.
