The image shows three sequential screenshots from the macOS Migration Assistant. The first screenshot, titled "Transfert de vos informations", shows the transfer of user documents from a "Macintosh HD" to "Ce Mac". It indicates that 196,381 files have been transferred and that approximately 14 minutes remain at a speed of 131.7 Mo/s. The second screenshot, titled "Transfert de votre dossier Applications...", shows that 296,259 files have been transferred and that approximately 11 minutes remain at a speed of 54 Mo/s. The third screenshot, titled "Transfert de vos réglages système...", shows that 735,515 files have been transferred and that approximately 5 minutes remain at a speed of 33.3 Mo/s. A small "29" is visible in the bottom right corner of the overall image frame.

29

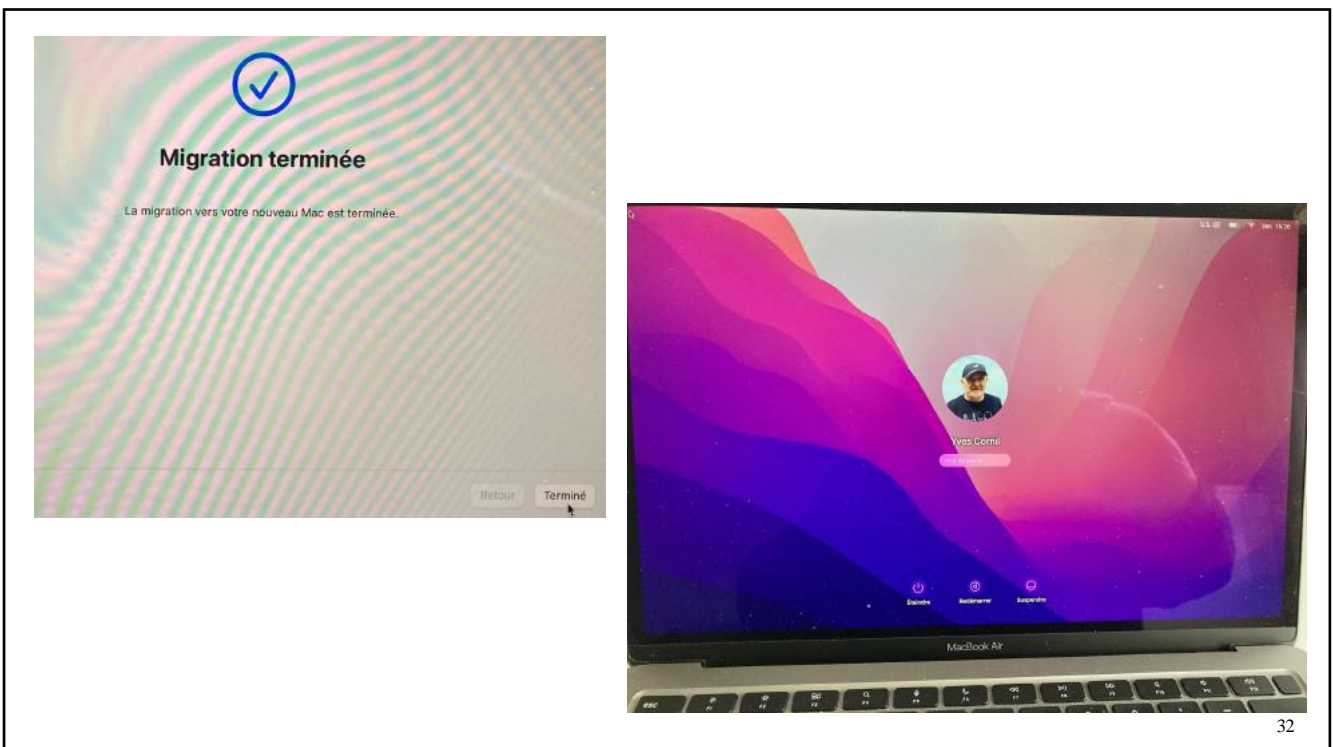

The image shows two screenshots from the final stages of the migration. The first screenshot, titled "Fin de la migration...", shows a progress bar that is nearly full and indicates that 735,515 files have been transferred. The second screenshot, titled "Migration terminée", displays a message: "Un redémarrage est requis pour finaliser vos réglages transférés". Below this, it states: "Vos données transférées seront prêtes à être utilisées après le redémarrage. Votre ordinateur redémarrera automatiquement dans 25 secondes." At the bottom of this screen are two buttons: "Retour" and "Redémarrer". A small "30" is visible in the bottom right corner of the overall image frame.
